

Systems Approaches to Cancer Biology

Nov 11-13, 2020

<https://sacbmeeting.org>

Sponsored by
the Association for
Cancer Systems Biologists &
the National Cancer Institute

Tumor Heterogeneity and Metastasis

Arthur D. Lander, MD, PhD
Univ. of California, Irvine

Cancer Evolution and Mechanisms of Resistance

Christina Curtis, PhD, MSc
Stanford Univ.

Signaling Networks in Cancer

Trachette Jackson, PhD
Univ. of Michigan

Immunology and Microenvironment

Melody Swartz, PhD
Univ. of Chicago

Systems Pharmacology

Sourav Bandyopadhyay, PhD
Univ. of California, San Francisco

Translational Systems Biology

Thomas Yankeelov, PhD
Univ. of Texas at Austin

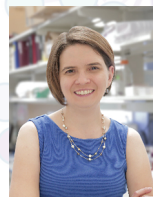

Michael Murrell, PhD
Yale Univ.

James Heath, PhD
Institute of Systems Biology

Princess Imoukhuede, PhD
Washington Univ. in St. Louis

Pamela Kreeger, PhD
Univ. of Wisconsin-Madison

Birgit Schoeberl, PhD
Novartis Institute for
BioMedical Research

Stacey Finley, PhD
Univ. of Southern California

Abstracts Due Sept 18, 2020
